You were our insurance agent from 2002-2009 or 2010; With Allstate. We miss YOU! Tim you were so conscientious as our agent. What folks say

Tim P Halloran, *Managing Risk Consultant*

“I cannot imagine an insurance agent being more responsive, proactive and available than Tim has been for me. We had several last minute changes to documents (and therefore insurance policies) that had to be made prior to closing, and Tim pretty much took care of everything without taking up too much of my time at all. This was my first home purchase, and Tim helped me every step of the way. I even feel that Tim helped me with some aspects of the home purchase and closing that were not even insurance related.

I will use Tim and G&H Insurance for all of my insurance needs for as long as he is available. I highly recommend Tim, and cannot imagine working with another agent or company.”

~Chris R. – Houston, TX

“Thanks for working up two very good policies for us Tim. Looking forward to working with you.”

~Andrae L. – Cypress, TX

“Tim, I just wanted to relay the experience I had with Safeco insurance regarding an auto claim I filed for my wife. Safeco was helpful, courteous and timely in assisting with the claim and getting us a check. Specifically, Connie Eisele was pivotal in answering all of our questions, assisting with a rental car and getting us a check for my wife’s totaled car as quick as she could. Couldn’t have asked for a better experience during a usually awful event.

Best Regards, Patrick”

~ Patrick L. – Cypress, TX

Kindest regards.”

“Great to hear from you. My daughter has reported how kind and gracious you were when she recently contacted you about securing a life insurance policy. Although you do not offer this type of coverage, I think you really made a positive impression on her. You can expect her to renew her homeowners’ insurance policy when it expires later this year. Thanks again for being so kind to my most precious possession, my beloved Zalisha.

I really appreciate the information you send out periodically. These brief, timely bits of information have proven very helpful. Some information I knew already, and its great reinforcement of acquired knowledge and yet, there's always something new one learns from such sharing. Please continue to provide these opportunities for learning. I shall continue to look forward to receiving them.”
